

The World Famous San Diego Zoo in Balboa Park, San Diego, California is one of the largest and most progressive zoos in the world with over 4,000 animals of more than 800 species. It is also one of the few zoos in the world that houses the giant panda. The zoo offers a guided tour bus that traverses 75% of the park. There is an overhead gondola lift called the Skyfari, providing an aerial view of the zoo. Exhibits are often designed around a particular habitat. The same exhibit features many different animals that can be found side-by-side in the wild, along with native plant life. Exhibits range from an African rain forest (featuring gorillas) to the Arctic taiga and tundra in the summertime (featuring polar bears). Some of the largest free-flight aviaries in existence are here. Many exhibits are "natural" with invisible wires and darkened blinds (to view birds), and pools and open-air moats (for large mammals).

- San Diego Zoo (includes admission to zoo plus transportation via shuttle to/from the zoo; shuttle leaves hotel and zoo every ½ hour from 9am to 4:30pm; tickets non-refundable and valid only on Saturday, May 1, 2010)
